

Christopher P. Godek, MD, FACS Christina M. Pasick, MD

PERSONAL ENHANCEMENT CENTER

At the Personal Enhancement Center, we strive to make anyone that walks into our practice a patient for life. For this reason, we offer a number of ways to maintain and refresh your appearance, including surgical procedures for the face, breast, and body, and a variety of non-surgical treatments through our Bella Derma Medi Spa.

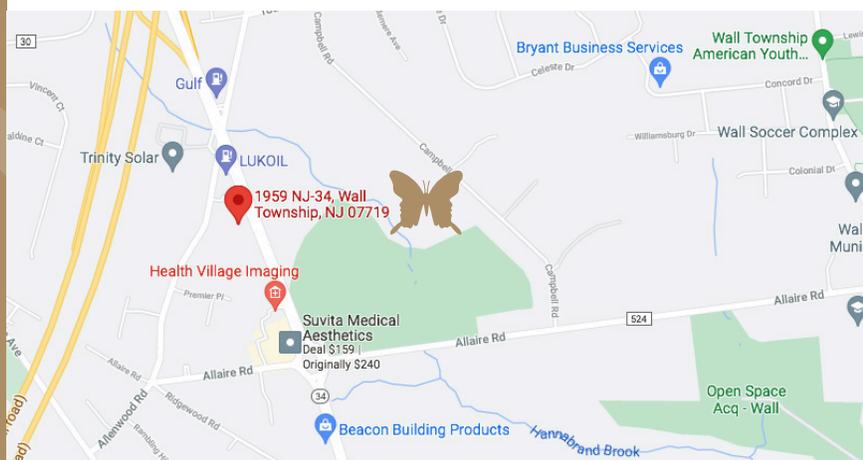

Our plastic surgery team is poised to help you make your cosmetic dreams a reality. We offer the expertise of two highly skilled plastic surgeons, Dr. Christopher Godek and Dr. Christina Pasick, and provide a safe and secure environment—placing a top priority on your comfort.

For more information about our practice, or any of the cosmetic enhancement procedures we perform, we invite you to call our office to schedule a consultation today.
